THE DIRECTOR OF PUBLIC INSTRUCTION IN MYSORE,

TO

The Secretary,

SIR,

I have the honor to state that in a large number of cases, advertisement of special vacancies does not fetch any applications from candidates of backward ~~xxxxxx~~ communities, In all such cases the practice is to continue the Brahmin candidates temporarily appointed in the vacancies, pending readvertisement. If readvertisement does not fetch applications from candidates of the Backward communities (which is the case geneally) a recommendation will be made to Government to continue the Brahmin candidates working in the vacancies without further advertisement. This procedure is defective in that it precludes persons of higher qualifications among the Brahmins being appointed. I request you therefore to kindly forward the applications of Brahmin candidates received in response to the advertisement of special vacancies in case applications from candidates of backward communities are not received.

I have the honor to be,

Sir,

Your most obedient serant,

For Director.

HIGHNESS THE MAHARAJA OF MYSORE.

It is laid down in G.O. No. 4247-97 C.R.B. 5-26 dated 26th June 1927, that if no applicants belonging to Backward Communities apply in response even to the second advertisement of a special vacancy, no Brahmin candidate should be appointed in anticipation of Government sanction but the circumstances should be reported and their approval obtained, if it is proposed to appoint a Brahmin candidate. ~~The Director of Public Instruction~~ In his letter ~~No. A1. 2803-446/29-30~~ dated 17th October 1930, the DPI has brought to notice that, in a large number of cases, ~~wherein backward community class~~ candidates in which no applns from of backward communities are ~~not~~ forthcoming for appointment, the practice ~~is~~ to continue the Brahmin candidates temporarily appointed in the vacancies ~~pending~~ ~~and~~ readvertisement. ~~that~~ If the even readvertisement ~~does not fetch~~ fetches no applications from ~~Backward Community~~ candidates of such communities ~~a recommendation will be made~~ it is usual to make a recommendation to Government to continue the Brahmin candidate without further advertising the vacancy. ~~The DPI thinks that there is reason to believe that~~ this procedure is defective ~~in that it~~ as it precludes persons of higher qualifications among ~~the~~ Brahmins being appointed in the vacancy ~~and~~ He therefore ~~requests~~ suggests that applications of Brahmin candidates received in response to the readvertisement of Special vacancies ~~might~~ may be forwarded to him for selection in case applications from

from candidates of backward communities are not received. ~~This question was referred to~~ The matter was considered by the Central Recruitment Board at its meeting held on 11th December 1930 when it was resolved that at the time of readvertising a special vacancy which could not be filled up for want of applicants after the first advertisement, the said vacancy might be shown as one open to all classes, with the remark that preference would be given to candidates of backward Communities possessing the prescribed qualifications. Govt. accept the resolution of the Board and direct its adoption in the case of vacancies arising in the Dept of Public Instruction in the first instance.

In accepting the resolution of the Central Recruitment Board, Government direct that all the Special Vacancies arising in the Education Department for which no applns from B.C. candidates are received in response to the first advertisement, may be readvertised, if no qualified backward community class candidates are locally available for appointment, as open to all classes subject to the condition that preference will be given to candidates of Backward Communities possessing the prescribed qualifications.
